

Athens, 5 January 2016

To whom it may concern

Letter of Reference

Our company ELMON SA is a leading Defence Contractor and Systems Integrator, registered in Athens, Greece, specializing in the Protection, Security and Defence Systems as well as related services with a strong global extrovert approach.

We hereby confirm that Lampsea is supplying us their innovative certified products since 2014 which are embodied to our RHIB warfare project "NEMESIS " in the areas of military and executive end users.

During this time they have provided our company with exceptional quality products and superior support services exceeding our customers' requirements and expectations regarding marine LED illumination to both, visible and infrared wavelengths as well.

Moreover Lampsea's high performance innovative long range LED spotlights have formed a major factor in our defense boatbuilding RHIB project NEMESIS, boosting the fields of applications helping it to become one of its kind in the defense market.

We confidently recommend Lampsea™ as a praiseworthy and reliable manufacturer blended with high expertise and novelty in the field of LED illumination and design.

Yours faithfully

Costas Charalampoulos
